Filing Receipt Corrections

Sir:

Applicant requests that the filing receipt for this application be corrected. This application is a continuation of International Application Serial No. PCT/GB98/02649 filed on September 3, 1998. The international application, as filed, timely claimed priority from 11 United Kingdom applications and four (4) U.S. Provisional Applications. A request to correct the filing receipt to change the names of two inventors on this application was filed on November 23, 2004. The corrected filing receipt received in response to that request omitted the benefit claim to three (3) of the four (4) priority U.S. Provisional applications. Applicants request that the filing receipt be corrected, again, to rectify this ministerial error.

Accordingly, please correct the Domestic Priority data as claimed on the Corrected Filing Receipt to read:

"This application is a CON of PCT/GB98/02649 09/03/98, which claims the benefit of 60/070,050 12/30/1997 and which claims the benefit of 60/070,063 12/30/1997 and which claims the benefit of 60/070,062 12/30/1997 and which claims the benefit of 60/070,037 12/30/1997".

Application No. 09/518,813 - - - - - 2

A copy of the corrected filing receipt with changes noted thereon is attached to this paper.

Respectfully submitted,

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.
